Applicants acknowledge and appreciate the telephone conference that Applicants representative, Joseph P. Mehrle, had with the Examiner on July 13, 2005. The statement made by the Examiner in the Notice of Allowance under item no. 3 was discussed. More specifically, the Examiner indicated and acknowledged that there was not a non-English reference submitted in this matter and that the objection was really to the generic OpenGL Graphics System Specification reference due to its length. The Examiner indicated all references submitted were considered and further requested that in the future when a generic Open Standards Specification is submitted that a specific portion be pointed out to assist the Examiner in his review. Applicants agreed to the same.

Accordingly, Applicants believe that item no. 3 in the Notice of Allowance that discusses the Information Disclosure Statement has been resolved and that all references were considered by the Examiner. The Information Disclosure Statement (IDS) was also returned and each reference was properly initialed by the Examiner. Therefore, Applicants do not believe that any outstanding issues remain with respect to the cited IDS references.
